Degree Regulations**Declaration of a Major and Minor (Concentration)**

Students are required to declare a major and minor concentration, where applicable, within their first year. Major and Minor declarations may be submitted starting September 1. Competitive declarations close on January 15 and non-competitive declarations on February 15. Students are required to consult with the appropriate section head and the department's university advisor in determining their major or minor choice.

Students who declare a major in Composition, Performance, or Recording and Production, should note that these majors are competitive.

Students who declare the General major may choose to declare a minor in Music Career Management, Music Education, Music Technology and Production, or Songwriting. Students should note that the minor in Music Technology and Production is competitive.

Please note, when you declare your major, you must also select the same instrument that you were admitted with.

Graduation Recitals – Performance and Composition Majors

Students in the Performance and Composition majors must undertake juried public graduation recitals in the fourth year of their program.

- The Performance major recital involves a program of works performed on the major (principal) instrument in ensemble and solo settings that demonstrates the student's technical ability, musicality, creativity, professionalism, comprehension of jazz and contemporary popular genres and styles, and comprehension of other contemporary and near-contemporary genres and styles.
 - Students in the Performance major must also successfully complete an area examination in preparation for their graduation recital.
- The Composition major recital involves a program of original works and arrangements for a variety of instruments (ensemble and solo, instrumental and vocal) that demonstrates the student's technical ability, musicality, creativity, professionalism, comprehension of jazz and contemporary popular genres and styles, and comprehension of other contemporary and near-contemporary genres and styles.

The proposed program of works intended to fulfill the Composition and Performance graduation recital requirements must receive prior approval from the appropriate section head.

Graduation recitals for the Performance and Composition majors are graded as credit/non-credit. For Performance majors, failure to complete this requirement also constitutes a failure in Principal Instrument VIII. For Composition majors, failure to complete this requirement also constitutes a failure in Composition VI.

Performance Ensembles

All students must participate in required Performance Ensembles as noted in the programs of study. The Performance Ensemble requirement for Year 1 core and Year 2 all majors (Fall & Winter terms) are 0 (zero) credit. The Performance Ensemble requirements for Year 3 all majors (Fall & Winter terms) are 1 credit per term, and Year 4 (Performance major or as music option, Fall & Winter terms) are 1.5 credits per term.

For all majors, students may choose to participate in a maximum of two performance ensembles per term but will only be enrolled in and earn credit for one ensemble per term. The second Performance Ensemble will be 0 (zero) credit in any term. To avoid jeopardy, students may be advised to withdraw from a second Performance Ensemble if the directors detect that the students are overburdened and cannot cope with the additional responsibility.

Junior- and Senior-Level Courses

Courses numbered from 100 to 199 are considered junior level and courses numbered from 200 to 499 are considered senior level.

Elective Requirements

Elective requirements in each of Years 2, 3, and 4 of the program must be non-Music, baccalaureate level coursework, with a minimum of 9 credits earned at the senior level for all majors (Composition, General, Performance, and Recording and Production). Students may consult with the department's academic advisor for guidance. Program courses cannot be used to fulfill elective requirements.

Program Option Requirements

All Bachelor of Music students must successfully complete one additional Music Technology and Production course beyond the introductory course *and* one additional Music Career Management course beyond the introductory course as part of their core requirements.

Students must select from a list of program options to fulfill the requirements in their declared major or minor. Specified program option courses may also be required courses in one or more of the program's majors or minors, therefore, registration priority will be given to students who must take these courses as part of their specific Program of Study. Students may consult with the department's academic advisor for guidance and availability of program option courses prior to registration.
