

# DISABILITY MANAGEMENT IN THE WORKPLACE - SUSPENDED

Faculty of Nursing  
Department of Interprofessional Education and Simulation Learning

**Suspended: There are no planned intakes for this program. Applications for admission are not being accepted.**

The Disability Management in the Workplace certificate provides individuals with the knowledge and skills to coordinate return to work plans, and develop and implement disability management programs in the workplace. As the economic and human costs of worker injuries and illnesses rise, disability management professionals in the workplace are increasingly in demand. The focus of disability management is to assist workers who have been injured, ill or disabled to adapt to a meaningful and productive work environment.

This program is offered via online distance delivery. Students successfully complete 30 credits to receive a certificate in Disability Management in the Workplace.

## Career Potential

A qualified individual has a broad spectrum of employment opportunities. Prospective places of employment include a wide range of corporate environments, federal, provincial and municipal governments, unions, health care providers, insurance providers and disability management service providers.
