

TRAVEL AND TOURISM

Overview

School of Business

MacEwan.ca/Travel (<http://MacEwan.ca/Travel/>)

This program meets the highest Canadian standards for industry education. It is fast-paced and hands-on: you will work in a computer lab with access to industry software and a live reservation system. Combine this with a one-month practicum at program's end, and you are highly employable immediately upon graduation.

You'll take an in-depth look at the world's most important tourist destinations and learn what motivates travelers to visit them. You'll also develop an understanding of the evolving travel market and the technology used to document and sell North American and international travel. In just 13 months, you'll learn the skills Canada's travel industry demands most: communications, sales techniques, customer service, and automation.

To succeed in this career, you should welcome challenges and deadlines. Typically mature students fare better in this program than younger students. Communication skills, people skills, and a passion for sales are essential, as are superior organizational skills and a curiosity about the world. Your personal travel experiences are a definite asset.

Career Potential

Educated travel professionals are in high demand. Opportunities abound in everything from adventure tours and special interests to selling leisure packages and incentive travel. Graduates work as travel consultants, reservations agents, customer service representatives, sales representatives, and marketing managers. Throughout Canada and around the globe, MacEwan University grads can be found in a range of pursuits: booking scuba diving tours, escorting European coach tours, and arranging honeymoons in Hawaii or safari groups to Africa.
